Greetings to all OASYS, OccuBrowse+, and OccuBrowse customers,

SkillTRAN is pleased to announce a special two month "Amnesty Program" for all expired maintenance and support customers! For the months of March 2011 and April 2011 we are offering a special plan to help you get and keep your software up to date.

Normally if your maintenance had expired 2, 3, or 4 years ago it would cost you 2, 3, or 4 years of maintenance to update. Add the yearly amount again to stay current for the next 12 months. Our amnesty program allows you to update by simply paying for one of the past years and paying for maintenance for the next 12 months. Here are a couple of examples:

Example #1 5 years expired maintenance on OASYS:

To get current normally you would pay \$360 (for one user) times 5 years = \$1800.

To stay current for the next 12 months add another \$360 for a total of \$2160.

Our amnesty program allows you to pay just \$360 (for all past years) + \$360 to stay current for the next 12 months = \$720, a savings of \$1440!!

Example #2 5 years expired maintenance on OccuBrowse+:

To get current you would pay \$80 (for one license) times 5 years = \$400.

To stay current for the next 12 months you would add another \$80 for a total of \$480.

Our amnesty program allows you to pay just \$80 (for all past years) + \$80 to stay current for the next 12 months = \$160, a savings of \$320!!

Hesitate no more to get and stay current with your OASYS, OccuBrowse+ or OccuBrowse software. Now through April 2011 is definitely the time to do it! SkillTRAN's acquisition of VERTEK software bodes well for the sustained evolution & care of the VERTEK product line.

Please contact Lily at our Bellevue WA office if you would like to take advantage of this great offer. Her number is 800-220-4409.

Thank you,

Ed
